## **LIBERTY**

All humans possess the natural right of freedom to pursue happiness, including rights to property ownership, freedom of association, access to free markets, free speech, and religious expression.

## **EQUALITY**

We believe all men and women are created equal, and must be treated equally under the law and in all our interactions.

## **DEMOCRACY**

In America, democracy means government by the people and is expressed by the right of all eligible citizens to vote for representatives and leaders. In our democratic republic, democracy does not mean majority rule.

## **RESPECT FOR RULE OF LAW**

Our nation's laws provide liberty and protection and should be willingly honored by all, or changed through lawful processes.

## **PATRIOTISM: GRATITUDE & RESPECT**

We remember the patriots who sacrificed to establish these ideals amidst great opposition. We show respect for public servants who uphold these ideals today.
